Dear Member

I would like to inform you that we are monitoring the rapidly developing situation with regard to coronavirus and our intention is to continue with our indoor programme at the Community Centre on Thursdays as planned. I would ask members who wish to attend to ensure they follow government advice on hand washing, hand shaking and self isolating should you show even mild symptoms. Below is the advice that I received from the Community Centre. I am sure you are aware that this advice could change at short notice.

As regards to the outdoor season and the skittles evening I will issue further guidance once the committee are agreed on a way ahead.

Dennis

Dear all,

We would like to take the opportunity to update you on the current advice about Coronavirus.

So far, there is no action required for community buildings in our area. If this changes, we will be notified by Public Health England, via Fareham Borough Council and will of course keep you updated should your groups or meetings be affected in any way. Rest assured we have plans in place to contact all users swiftly should the need arise. We would advise that you keep your member's contact information up-to-date and easily accessible, should you need to contact them at short notice.

As per the advice from the NHS, we would encourage all visitors to be extra diligent when it comes to hand washing - <https://www.nhs.uk/live-well/healthy-body/best-way-to-wash-your-hands/>. Please find attached an information poster from Fareham Borough Council that you may wish to share with your colleagues and group members.

Kind regards,  
The Titchfield Community Centre Team

# PUBLIC INFORMATION

The Government and NHS are well prepared to deal with this virus.

You can help too.

The best way to protect yourself and others is:

Wash your hands with soap and water, or use a sanitiser gel, regularly throughout the day.

Catch your cough or sneeze in a tissue, bin it, and wash your hands.

If you have recently arrived back from specified areas follow the returning traveller advice.

Check the list of areas and find out more at [nhs.uk/coronavirus](https://www.nhs.uk/coronavirus)
