

It is with much regret and sadness that we announce the passing of a dear friend Doreen Webber the much devoted wife of Patrick a staunch member of Titchfield Bowling Club until the deterioration of his eyesight forced him to retire in 2016. Although an associate member, Doreen did not play bowls at the club due to health reasons but she always attended afternoon bowling and supported social events along with Pat.

Doreen and Pat came to Hampshire from Ipswich due to his Military service although always having a significant desire to return! In her earlier days she was very competitive in sport and exemplary in Tennis, Cycling and Bowling. Unfortunately in her later years ill health precluded her from participating in all sport, but remaining an extremely happy and friendly person!

After a short stay in hospital ( Not Virus connected ) she returned home not fully recovered and passed away and sadly, very unfortunately Pat was admitted to hospital with a broken Femur having had a fall the same day.

We send our condolences to Pat and his family, Rest in Peace Doreen.
