Dear Member

I would like to take the opportunity to update you on what is going on as we prepare for the start of the 2020 outdoor season.

I have taken over membership matters from Colin on a temporary basis and I can report that our confirmed full membership for the season currently stands at 64. Some of last year's membership have, for various reasons, moved across to the associate list. I have attached a list of members, which follows our standard format. This list will also appear on the club's website. If you wish to share email addresses you need to make your arrangements with other members. Please check your own details and let me know if there are any errors.

David Jones, Nigel and Gary with the support of many others have been busy preparing the greens which are in exceptional condition. Marking out will take place at the end of the month. The problem of course is the impact of coronavirus and as I have already reported the future is very uncertain. The committee are conducting a "virtual" meeting next week to agree a way forward. If it is at all possible to offer some bowling to some members we shall do so but, only if we feel that risks can be suitably minimised in accordance with government advice.

Ahead of that meeting I have decided to cancel the formal club opening on Sat 4 Apr and also the new member induction day on the 11 Apr.

I would draw your attention to the comments section of the website where Mike is posting advice on protecting yourself from the virus and please add any information that you feel might be beneficial to others.

Some of our members will not be able to bowl so I would ask that you stay in touch with other members: phone calls. emails, if you can.

I will update you again towards the end of the week with the committee's decisions.

Dennis
