Dear Member

Our AGM will have to be conducted remotely this year for the essential issues of reporting the club's financial position, confirming the makeup of the committee and agreeing our fees for next season.

Mike Dalzell has modified our website to host all the relevant documents which I will add to, as the information becomes available. The information can be found under the heading of **AGM + Com(Ref)** on the far right column of the home page. This can be accessed directly, without the need for a password. The [minutes of the 2019 AGM](#) can be found in that section or by clicking the link. Matters arising from the AGM were dealt with in committee meetings held in Nov 2019 and Feb 2020 and these too can be found on that page.

I have also attached to this email the committee nominations for election or re-election. In accordance with our constitution any further nominations must be proposed and seconded by 2 Dec 2020 and the nominee should confirm their acceptance with me directly.

I will update you on the progress as things develop.

Dennis Dowsett Club Sec.
